Important information

This Product Disclosure Statement ('PDS') is issued by The Trust Company (RE Services) Limited ('Perpetual', 'Responsible Entity', 'we', 'us', 'our'), part of the Perpetual Limited group of companies. We have appointed Tura Capital Pty Ltd ('Tura Capital', 'Investment Manager'), as the investment manager of the Fund. This PDS is a summary of significant information about the Tura Capital Global Small & Mid Cap Fund ('the Fund'). It includes a number of references to important additional information contained in the Reference Guide dated 13 November 2024 which should be considered together with this PDS. These references are marked with an 💮 to help you identify them. The information contained in the Reference Guide may change at any time. You must therefore ensure that you have read the PDS and Reference Guide current at the date of your application in its entirety and consider this information before making a decision about the Fund. You can access the PDS, the Reference Guide and the Target Market Determination (TMD) for this Fund on the website at www.turacapital.com. au/investor-centre or contacting Client Services on (07) 3229 5531 or via email client.services@dnrcapital.com.au and we will send it to you free of charge.

The information in this PDS is general information only and does not take into account your personal objectives, financial situation or needs. Before investing, you should consider the appropriateness of the Fund having regard to your own objectives, financial situation and obtain financial advice tailored to your personal circumstances.

The offer made in this PDS is available to persons receiving this PDS within Australia only. The distribution of this PDS in jurisdictions outside Australia may be restricted by law and persons who come into possession of it should seek advice on and observe any such restrictions. This PDS does not constitute an offer to any person to whom, or in any place in which, it would be illegal to make that offer.

An investment in the Fund is an investment in a registered managed investment scheme. An investment in the Fund is not a bank deposit, bank security or other bank liability. There is no guarantee of the repayment of capital from the Fund or the investment performance of the Fund.

Updated information

Information in this PDS is subject to change from time to time. Information that is not materially adverse can be updated by us. Updated information can be obtained by going to the website at www.turacapital.com.au/ investor-centre or contacting Client Services on (07) 3229 5531 or via email client.services@dnrcapital.com.au and a paper copy will be sent to you free of charge. If you have indirectly invested in the Fund via an Investor Directed Portfolio Service (IDPS), master trust or wrap account (collectively known as a 'Portfolio Service'), you can obtain updated information from the Portfolio Service operator.

1 About The Trust Company (RE Services) Limited

Responsible Entity

The Trust Company (RE Services) Limited, the responsible entity of the Fund, is part of the Perpetual Limited group of companies which has been in operation for over 135 years. Perpetual Limited ABN 86 000 431 827 is an Australian public company that has been listed on the Australian Securities Exchange for over 55 years.

The Responsible Entity holds Australian Financial Services Licence number 235150 issued by the Australian Securities and Investments Commission (ASIC) which authorises it to operate the Fund.

The Responsible Entity is bound by the Constitution of the Fund ('Constitution') and the Corporations Act 2001 ('Act'). The Responsible Entity has lodged a compliance plan with ASIC which sets out the key measures which the Responsible Entity will apply to comply with the Constitution and the Act.

Perpetual has the power to delegate certain of its duties. Perpetual has appointed Tura Capital Pty Ltd as the investment manager of the Fund, Citigroup Pty Ltd as the custodian of the Fund's assets ('Custodian') and Apex Fund Services Pty Ltd as the administrator of the Fund ('Administrator'). The Custodian holds legal title to all Fund assets, in its capacity as agent of the Responsible Entity, and acts on instructions which we, or our agents, provide. Perpetual, in its discretion, may change the Custodian and Administrator from time to time or appoint additional service providers.

Investment Manager

Tura Capital Pty Ltd ('Tura Capital' 'Investment Manager') is a wholly owned subsidiary of DNR Capital Pty Ltd (ABN 72 099 071 637) and is an Authorised Representative of DNR AFSL Pty Ltd (ABN 39 118 946 400, AFSL No 301658)) and is appointed as the investment manager of the Fund.

2 How the Tura Capital Global Small & Mid Cap Fund works

What do you invest in?

The Fund is a registered managed investment scheme. The Fund comprises assets which are acquired in accordance with the Fund's investment strategy. Investors receive units in the Fund when they invest. In general, each unit represents an equal interest in the assets of the Fund subject to liabilities; however it does not give the investor an interest in any particular asset of the Fund. The Fund is governed by the Constitution which allows for more than one class of unit to be offered to investors. Where this is the case, the rights of investors in different classes of unit may vary and a separate offer document will be issued in respect of separate classes of units. The Fund currently offers investment in one single class of unit under this PDS.

Applying for units

You can acquire units by completing the Application Form accompanying this PDS or the electronic version of the Application Form available at www.turacapital.com.au/investor-centre. The minimum investment amount for the Fund is \$20,000.

The price at which units are acquired is determined in accordance with the Constitution. The application price on a business day, being a day other than Saturday or Sunday on which trading banks are open for general banking business in Sydney (Business Day) is, in general terms, equal to the net asset value (NAV) of the Fund, divided by the number of units on issue and is adjusted for transaction costs ('Buy Spread'). The application price will vary as the market value of assets in the Fund rises or falls.

Additional applications

You are able to increase your investment at any time by completing an Additional Application Form and sending this form to the Administrator via mail, email or fax. Investors also have the ability to use BPAY^{®1}. For more information, please refer to www.turacapital. com.au/investor-centre. Additional applications are subject to the minimum amount of \$5,000, and are calculated in the same way as described above.

Making a withdrawal

You are able to withdraw all or part of your investment at any time by completing a Withdrawal Request Form available at www. turacapital.com.au/investor-centre.

The price at which units are withdrawn is determined in accordance with the Constitution. The withdrawal price on a Business Day is, in general terms, equal to the NAV of the Fund, divided by the number of units on issue and adjusted for transaction costs ('Sell Spread'). The withdrawal price will vary as the market value of assets in the Fund rises or falls.

Unless Perpetual decides otherwise, withdrawal requests must be for a minimum of \$5,000. Perpetual may fully redeem your investment if your investment balance falls below \$5,000 as a result of processing your withdrawal request.

Applications and withdrawals

Generally, if the Administrator receives your correctly completed application or withdrawal request before 2pm (Sydney time) on a Business Day, it will be processed using the application price or withdrawal price calculated for that day. Where the Administrator receives such information after 2pm (Sydney time) on a Business Day, it will be processed using the application price or withdrawal price determined for the following Business Day. If the Administrator receives and processes a withdrawal request by 2pm (Sydney time) on a Business Day, the proceeds of that request will generally be paid within 5 Business Days but may take longer in some circumstances (up to 21 days). If the Administrator receives an incomplete application or withdrawal request, it will not be processed until the Administrator is subsequently provided with the correct and complete document. Application requests are subject to client identification procedures that Perpetual and/ or the Administrator considers necessary to satisfy obligations under the relevant anti-money laundering and counter terrorism legislation, being completed. We are not bound to accept an application.

You should read the important additional information about 'How the Tura Capital Global Small & Mid Cap Fund works' relating to 'General applications and withdrawals' contained in the Reference Guide before making a decision. Go to www. turacapital.com.au/investor-centre. The material relating to 'General applications and withdrawals' may change between the time when you read this PDS and the day when you acquire the product.

Access to funds

We may suspend withdrawals of, or applications for, units in certain circumstances set out in the Constitution, including where we consider that it is desirable for the protection of the Fund, or in the best interests of investors during certain emergency situations where it is not reasonably practicable for us to acquire or dispose of assets or to determine fairly the application price or withdrawal price.

In some circumstances (including, but not limited to, a suspension of withdrawals of units) you may not be able to make additional investments into the Fund or withdraw your units within the usual period upon request. We may, in certain circumstances, delay or stagger the payment of large withdrawal requests. The Act and Constitution also contain provisions that restrict withdrawals from the Fund in the event that the Fund becomes 'not liquid' as is defined in the Act.

1 ®Registered to BPAY Pty Ltd ABN 69 079 137 518

You should read the important additional information in the Reference Guide about '**How the Tura Capital Global Small & Mid Cap Fund works**' relating to '**Withdrawals from the Fund**' before making a decision. Go to **www.turacapital.com.au**/ **investor-centre**. The material relating to '**Withdrawals from the Fund**' may change between the time when you read this PDS and the day when you acquire the product.

Distributions

Subject to the Fund having sufficient distributable income, distributions are generally paid annually as at 30 June. The distributions you receive are generally assessable income and can be made up of both income and realised capital gains. Distributions are generally calculated based on the distribution amount divided by the number of units on issue in the Fund. This gives a distributable income amount per unit. Your distribution entitlement is then determined by multiplying the number of units you hold by the distributable income amount per unit. An investor who invests during a distribution period may get back some of their capital as income. Details will be provided in your tax statement.

All distributions are paid in Australian dollars. Distributions must be paid to a nominated Australian bank account or reinvested. If no preference is indicated on your Application Form, distributions will be reinvested. We do not accept directions to pay distributions to third parties. If an attempted deposit is rejected, the deposit may be cancelled and reinvested in the Fund.

Indirect investors

If you invest in the Fund via a Portfolio Service different terms may apply to your investment. Indirect investors do not acquire the rights of a unit holder in the Fund. The Portfolio Service operator acquires these rights. The rights of indirect investors are set out in the disclosure documents for the Portfolio Service. You should read the disclosure document for that Portfolio Service together with this PDS prior to investing. If you invest through a Portfolio Service, enquiries should be directed to the Portfolio Service operator.

You should read the important additional information about **'How the Tura Capital Global Small & Mid Cap Fund works'** relating to **'Applications via a Portfolio Service'** contained in the Reference Guide before making a decision. Go to **www.turacapital.com**. **au/investor-centre**. The material relating to **'Applications via a Portfolio Service'** may change between the time when you read this PDS and the day when you acquire the product.

3 Benefits of investing in the Tura Capital Global Small & Mid Cap Fund

Investing in the Fund will give you access to the following features and benefits:

- Access to an actively managed portfolio of global small and mid capitalisation companies that seeks to be high conviction and invests for the medium to long term.
- A comprehensive investment process that is based on the belief that a focus on quality global small and mid capitalisation companies will enhance returns when it is combined with a thorough valuation overlay.
- An investment process that involves detailed company and sector research, with proprietary financial modelling and valuation analysis.
- An experienced investment management team, across Australian and international equity markets.
- Ongoing risk management which is a key part of the investment process and portfolio construction, with regular monitoring and review.

4 Risks of managed investment schemes

All investments carry risks.

Different strategies may carry different levels of risk, depending on the assets that make up the strategy. In general, assets with the highest long-term returns may also carry a higher level of short-term risk.

Before making an investment decision, it is important to understand the risks that may affect the value of your investment. While it is not possible to identify every risk relevant to investing in the Fund, we have detailed significant risks that may affect your investment.

The level of risk for each person will vary depending on a range of factors including age, investment timeframe, other investments and risk tolerance. Your financial adviser may assist you in determining whether the Fund is suited to your objectives, financial situation and needs, including the level of diversification you need. When investing, it is important to understand that:

- the value of investments will vary over time
- the levels of returns will vary and future returns may vary from past returns
- returns are not guaranteed and you may lose some of your money
- laws affecting registered managed investment schemes may change in the future.

The significant risks of investing in this Fund are summarised below.

Foreign investment risk

The Fund will be exposed to the risks associated with overseas investment. These include changes in foreign exchange control regulations, application of foreign tax legislation including withholding taxes, changes in government administration and economic monetary policy, appropriation, changed circumstances in dealings between nations, lack of uniform accounting and auditing standards, potential difficulties in enforcing contractual obligations and extended settlement periods.

Currency risk

The Fund will invest in global securities, which are denominated in foreign currencies that will give rise to foreign currency exposure. This means that the Australian dollar value of these investments will vary depending on changes in the exchange rate. A fund that has currency risk may be adversely affected by this foreign currency exposure. For example, if the Australian dollar rises, the value of international investments expressed in Australian dollars can fall. The Fund's foreign currency exposures are not hedged back to Australian dollars.

Geopolitical risk

Geopolitical risks such as the risk associated with war, political upheavals, intercountry tensions and terrorism, can also impact the value of the Fund's investments. For example, a geopolitical event such as a war may lead to governments imposing sanctions, whether economic or otherwise, on another country (sanctioned country) that may impact the Fund's ability to trade securities connected to that sanctioned country or impact on the value of such securities. In addition, geopolitical events can impact more broadly on global macroeconomic events, which can also affect the value of securities owned by the Fund.

Investment risk

The value of your investment may fall for a number of reasons, including the risks set out in this section, which means that you may receive back less than your original investment when you withdraw or you may not receive any of your original investment.

Market risk

Certain events may have a negative effect on the price of all types of investments within a particular market. These events may include changes in economic, social, technological or political conditions, as well as market sentiment, the causes of which may include

changes in governments or government policies, political unrest,

disasters. The duration and potential impacts of such events can

wars, terrorism, pandemics and natural, nuclear and environmental

the risks that company is itself exposed. The individual company may be affected by changes in factors such as the competitive environment in which they operate, regulation, technology, changes in management and personnel and consumer preferences. Small and mid capitalisation companies may suffer more significant losses as well as realise more substantial growth than larger companies because they may lack depth of management, be unable to generate funds necessary for growth or potential development, or become subject to intense competition from larger companies. Securities of small and mid capitalisation companies may have more limited trading markets than securities of larger companies and may be subject to wide price fluctuations. Investments in small and mid capitalisation companies generally tend to be more volatile.

Concentration risk

The Fund's typical portfolio holdings of 25 to 45 securities represents relatively high investment concentration. This may cause the value of the Fund's investments to be more affected by any single adverse economic, political or regulatory event, or by an event affecting a particular company in which the Fund owns securities, than the investments of a more diversified investment portfolio.

Liquidity risk

Whilst the Fund is exposed to securities traded on Australian and global exchanges which are generally considered liquid, under extreme market conditions there is a risk that investments cannot be readily converted into cash or at an appropriate price. In these circumstances, the Fund may be unable to liquidate sufficient assets to meet its obligations within

required timeframes, including payment of withdrawals, or it may be required to sell assets at a substantial loss in order to do so. Further, withdrawal of your investment or payment of your withdrawal proceeds may be delayed in certain circumstances (see Section 2 "How the Fund works"). Units in the Fund are not quoted on any stock exchange so you cannot sell them through a stockbroker.

Economic risk

Investment returns are affected by a range of economic factors, including changes in interest rates, exchange rates, inflation, general share market conditions, government policies and the general state of the domestic and world economies.

Risks associated with managed investment schemes generally are set out in the Reference Guide. These include, but are not limited to: key personnel risk, management risk, counterparty risk, potential conflicts of interest, cyber risk, fund risk, climate change risk, regulatory risk and operational risk.

You should read the important additional information about 'Risks of managed investment schemes' contained in the Reference Guide before making a decision. Go to www. turacapital.com.au/investor-centre. The material relating to 'Risks of managed investment schemes' may change between the time when you read this PDS and the day when you acquire the product.

5 How we invest your money

Before deciding whether to apply for units in the Fund, you should consider:

- the likely investment return of the Fund;
- the risk involved in investing in the Fund; and
- your investment time frame.

We recommend you consult a financial adviser for assistance in determining whether the Fund is appropriate for you.

Summary of investment fee	atures		
Investment objective	The Fund aims to outperform the Benchmark, net of fees over a rolling three year period, by investing in a portfolio of global small and mid capitalisation companies. The Fund and Benchmark foreign currency exposures are not hedged back to Australian dollars.		
	The investment objective is not a forecast of the Fund's performance. It is merely an indication of what the Fund aims to achieve over the medium to long term. The Fund may not be successful in meeting this objective. Returns are not guaranteed.		
Benchmark MSCI World SMID Cap TR Index (Net in AUD)			
Investor suitability	The Fund is designed for investors seeking a medium to long term investment focused on achieving growth, with less focus on generating excess income. The investor is prepared to accept higher volatility in pursuit of higher growth.		
Investments	The Fund will invest in global small and mid capitalisation companies in developed markets in any geographical location but predominantly outside of Australia, focusing on the United States, UK and Europe and Asia. As outlined below, the Fund will also have a small exposure to cash predominately in Australian dollars but may also include foreign currencies.		
Fund asset allocation	Global equities 90-100%		
	Cash 0-10%		
	This provides only an indication of the intended investments of the Fund and these allocations may be exceeded or not reached from time to time. You may obtain information of the actual investment allocations of the Fund by contacting the Investment Manager directly.		
Risk level	Very high		
Instrument constraints	The Fund will not borrow or invest in derivatives.		
Currency	The Fund is denominated in AUD and the Fund's foreign currency exposures are not hedged back to Australian dollars.		
Minimum suggested investment timeframe	5 years		
Fund performance	The Fund's historical performance is available on the website www.turacapital.com.au. Past performance is not a reliable indicator of future performance.		

Summary of investment features

Changes to Fund details

We may change the Fund's asset allocation and investment objective (including Benchmark) without prior notice. We will inform investors of any material changes to the Fund's details as required by law.

Investment philosophy and process

Tura Capital believes a focus on quality will enhance returns in global small and mid-capitalisation companies, when combined with a thorough valuation overlay. Tura Capital seeks to identify good quality businesses that are mispriced by overlaying Tura Capital's quality filter, referred to as the 'quality lens', with a strong valuation discipline.

Tura Capital's security selection process has a strong bottom up discipline and focuses on buying quality businesses at reasonable prices. The portfolio construction process is influenced by a topdown economic appraisal and also considers the risk characteristics of the portfolio such as security and sector correlations.

The investment strategy of the Fund is intended to result in a portfolio that is high conviction and invests for the medium to long term.

Environmental, social and ethical factors and labour standards

The Fund is not designed for investors who are looking for a product that meets specific environmental, social and governance (ESG) goals.

Where the impact is considered material, Tura Capital will factor ESG) considerations when undertaking investment analysis to identify risks that may impact future financial performance in accordance with the Tura Capital ESG Policy available at www. turacapital.com.au/investor-centre. In determining materiality, Tura Capital does not have a pre-defined materiality threshold but consider where ESG risk may have an impact on valuation which is considered on a case-by-case basis.

You should read the important additional information about 'How we invest your money' relating to 'Detailed investment strategy', 'Valuation of investments', 'Wholesale clients', 'Privacy statement', 'The Constitution', 'Environmental, social and ethical factors and labour standards' and 'Anti-Money Laundering and Counter-Terrorism Financing legislation' contained in the Reference Guide before making a decision. Go to www.turacapital.com.au/investor-centre. The material relating to 'How we invest your money' may change between the time when you read this PDS and the day when you acquire the product.

6 Fees and costs

Consumer advisory warning

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% byer a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees where applicable. Ask the Fund or your financial adviser.

To find out more

If you would like to find out more, or see the impact of the fees based

on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a managed investment fee calculator to help you check out different fee options.

Fees and other costs

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the Fund assets as a whole. Taxes are set out in another part of this document. You should read all the information about fees and costs because it is important to understand their impact on your investment.

The fees and costs are inclusive of GST and net of any expected reduced input tax credits ('RITCs').

You should use this information to compare this product with other simple managed investment scheme products.

Fees and costs summary

Type of fee or cost	Amount ¹	How and when paid		
Ongoing annual fees and costs				
Management fees and costs The fees and costs for managing your investment ²	0.98% p.a. of the net asset value of the Fund	The management fees and costs are expressed as a percentage of the net asset value of the Fund, accrue daily, are payable monthly in arrears from the assets of the Fund and are reflected in the unit price as they are incurred.		
Performance fees Amounts deducted from your investment in relation to the performance of the product	0.09% p.a. of the net asset value of the Fund ³	The performance fee accrues daily and is payable quarterly in arrears from the assets of the Fund and is reflected in the unit price as it is incurred.		
Transaction costs The costs incurred by the scheme when buying or selling assets	0.00% p.a. of the net asset value of the Fund ⁴	The transaction costs (net of the buy-sell spread) are expressed as a percentage of the net asset value of the Fund and are paid from the assets of the Fund as and when they arise and are reflected in the unit price.		

Type of fee or cost	Amount ¹	How and when paid				
Member activity related fees and costs (fees for services or when your money moves in or out of the scheme) ¹						
Establishment fee The fee to open your investment	Nil	Not applicable				
Contribution fee The fee on each amount contributed to your investment	Nil	Not applicable				
Buy-sell spread An amount deducted from your investment representing costs incurred in transactions by the scheme	+/- 0.25% of the value of an application or withdrawal of units	The buy-sell spread is an additional cost but as it is included as an adjustment to the unit price and reflected in the application price and withdrawal price, it is not charged to you separately.				
Withdrawal fee The fee on each amount you take out of your investment	Nil	Not applicable				
Exit fee The fee to close your investment	Nil	Not applicable				
Switching fee The fee for changing investment options	Nil	Not applicable				

1 All figures disclosed include the net effect of GST and reduced input tax credits.

2 Management fees and costs quoted are inclusive of GST and net of any RITCs.

3 This estimate of the performance fee is based on the actual annualised performance fee paid by the Fund for the period since inception on 5 December 2023 to 30 June 2024. However, the performance fee estimate is not a forecast of the Fund's future performance or any future performance fee. The formula for calculating the performance fee is set out in the 'Additional explanation of fees and costs' section in section 4 of the Reference Guide to the PDS.

4 This figure is 0% as the amount recovered via the buy-sell spread charged on the issue and withdrawal of units for the period since inception on 5 December 2023 to 30 June 2024 exceeded the transaction costs incurred on buying and selling Fund assets for that period. However, this estimate of transaction costs may not be reflective of actual transaction costs incurred as it will depend on the level of applications and withdrawals received and the level of trading activity and transaction costs incurred within the Fund.

Example of annual fees and costs

The following table gives an example of how the ongoing fees and costs applicable to units in the Fund can affect your investment over a one (1) year period. You should use this table to compare this product with other products offered by managed investment schemes.

Example	Amount	Balance of \$50,000 with a contribution of \$5,000 during year
Contribution Fee	Nil	For every additional \$5,000 you put in, you will be charged \$0.
Plus Management fees and costs	0.98% p.a.¹	And, for every \$50,000 you have in the Fund you will be charged or have deducted from your investment \$490 each year.
Plus Performance fees	0.09% p.a.²	And, you will be charged or have deducted from your investment \$45 in performance fees each year.
Plus Transaction costs	0.00%3	And, you will be charged or have deducted from your investment \$10 in transaction costs.
Equals Cost of Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of \$535 ⁴ . What it costs you will depend on the fees you negotiate.

Please note that this is just an example. In practice, your investment balance will vary, as will related fees and costs.

1 Management fees and costs quoted are inclusive of GST and net of any RITCs.

2 This estimate of the performance fee is based on the actual annualised performance fee paid by the Fund for the period since inception on 5 December 2023 to 30 June 2024. However, the performance fee estimate is not a forecast of the Fund's future performance or any future performance fee.

3 This figure is 0% as the amount recovered via the buy-sell spread charged on the issue and withdrawal of units for the period since inception on 5 December 2023 to 30 June 2024 exceeded the transaction costs incurred on buying and selling Fund assets for that period.

4 Assumes the additional \$5,000 was invested at the end of the year.

Fee changes

The Constitution sets out the fees and expenses payable by the Fund. We reserve the right to change fees without your consent, but subject to any limitations under the Constitution and applicable law. We will give you 30 days' notice prior to any increase in fees.

Fees may be individually negotiated with wholesale clients (as that term is defined under the Act).

Additional fees and costs

You should be aware that additional fees and costs may be paid directly by you to a financial adviser if a financial adviser is consulted. These fees and costs may be negotiated by you and should be set out in the statement of advice provided by your adviser.

If you invest in the Fund via a Portfolio Service, additional fees may be charged by the Portfolio Service operator for investing in the Fund. You should read the important additional information about 'Fees and costs' contained in the Reference Guide before making a decision. Go to www.turacapital.com.au/investorcentre. The additional material relating to 'Fees and costs' may change between the time when you read this PDS and the day when you acquire the product.

7 How managed investment schemes are taxed

Investing in a managed fund is likely to have tax consequences. Australian tax laws are complex and subject to constant change. The tax comments below are only relevant for Australian resident investors that hold their interests in the Fund on capital account. Further, they may not be relevant for investors that are subject to special tax rules such as banks, insurance companies, managed investment trusts, tax exempt organisations and dealers in securities. We strongly advise you to seek professional tax advice before making a decision to invest.

Will I be liable to pay tax on distributions made by the Fund?

Managed investment trusts are generally not subject to tax on their net income or net capital gains. Rather, you are generally assessed on your proportionate share of net income (including net capital gains) of the Fund. This is the case even where distributions are reinvested into the Fund or where no cash distributions are made by the Fund to investors.

The Fund may be liable to withhold tax on any distribution of Fund payments, interest or dividends made to non-residents.

We will send you an annual tax distribution statement each year to assist in the preparation of your income tax return.

Will I be liable to pay tax when I withdraw money from the Fund?

If you are an Australian resident investor, when you withdraw or transfer units in the Fund you will generally be required to include the resulting capital gain or capital loss in your net capital gain calculation for the relevant period. Tax may be payable on any net capital gain that you make for that period.

Do I have to provide a Tax File Number ('TFN') or an Australian Business Number ('ABN')?

No. However, if you do not provide your TFN or ABN or claim an exemption, Perpetual is required to deduct tax at the top marginal tax rate plus Medicare levy on the taxable component of any distributions.

Attribution Managed Investment Trust (AMIT)

Under the AMIT regime, in broad terms, an AMIT is a managed investment trust (MIT) whose unitholders have clearly defined interests in relation to the income and capital of the trust, and the trustee or responsible entity of the MIT has made an irrevocable election to apply the AMIT regime.

The AMIT rules contain a number of provisions that impact the taxation treatment of a MIT. The key features of this include:

- an attribution model for determining member tax liabilities, which also allows amounts to retain their tax character as they flow through a MIT to its unitholders;
- the ability to carry forward understatements and overstatements of taxable income, instead of re-issuing investor statements;
- deemed fixed trust treatment under the income tax law;

- upwards cost base adjustments to units to address double taxation; and
- legislative certainty about the treatment of tax deferred distributions.

Perpetual, as the responsible entity, intends to make the election for the Fund to operate under AMIT.

Reforms to the taxation of trusts are ongoing so investors should seek their own advice and monitor the progress of announcements and proposed legislative changes to assess their impact.

You should read the important additional information about 'How managed investment schemes are taxed' contained in the Reference Guide relating to 'Foreign Account Tax Compliance Act ('FATCA')' and 'Common Reporting Standard ('CRS')' before making a decision. Go to www.turacapital.com.au/investor-centre. The material relating to 'Foreign Account Tax Compliance Act ('FATCA')' and 'Common Reporting Standard' ('CRS')' may change between the time when you read this PDS and the day when you acquire the product.

8 How to apply

Application process

- To apply for units in the Fund, please read this PDS together with any additional information contained in the Reference Guide to the PDS available at www.turacapital.com.au/investor-centre.
- Complete the Fund's Application Form. An Application Form can be downloaded from or an electronic version can be completed via, the website at www.turacapital.com.au/investor-centre. To request a copy of the Application Form, please contact Client Services on (07) 3229 5531 or via email client.services@dnrcapital.com.au.

Application payments can be made by

Cheque—please make cheques payable to The Trust Company (RE Services) Limited RE<Tura Capital Global Small & Mid Cap Fund> Application Account

Electronic funds transfer—

Please refer to the Fund's application form or website for application account bank, BSB and account details.

Please make payments to The Trust Company (RE Services) Limited RE <Tura Capital Global Small & Mid Cap Fund> Application Account

Please insert 'Investor surname/company or trust name' (as applicable) as the reference on the electronic funds transfer.

 Send the completed Application Form to Apex Fund Services Pty Ltd – Unit Registry GPO BOX 4968 SYDNEY NSW 2001

If you are investing indirectly through a Portfolio Service, you may invest in the Fund by directing your Portfolio Service operator to lodge an application with us. You should complete any relevant forms provided by your Portfolio Service operator.

Cooling-off period

A 14 day cooling-off period applies if you are investing directly in the Fund as a retail client (as that term is defined in the Act) during which you may change your mind about your application for units and request the return of your money in writing. Generally, the cooling-off period runs for 14 days from the earlier of the time your application is confirmed, or the end of the fifth Business Day after your units are issued. The amount refunded to you may be less than your investment amount due to market movements, adjusted for expenses, applicable taxes and transaction costs incurred between the date of the application and the date of withdrawal.

No cooling-off applies to the offer under this PDS if you are investing directly in the Fund as a wholesale client.

If you are investing indirectly through a Portfolio Service, no coolingoff rights apply in respect of any investment in the Fund acquired by your Portfolio Service operator on your behalf. For information about any cooling-off rights that may apply to you in respect of the Portfolio Service that you invest through, please contact your Portfolio Service operator directly or refer to their disclosure document.

Enquiries and complaints

If you have any enquiries regarding the Fund you can contact the Investment Manager or DNR Capital at:

Level 23, 307 Queen Street Brisbane QLD 4000 Phone: 07 3229 5531

Perpetual has established procedures for dealing with complaints. If an investor has a complaint, they can contact Perpetual and/or the Investment Manager during business hours, using the contact details provided in the PDS.

We will endeavour to resolve your complaint fairly and as quickly as we can. We will respond to your complaint within the maximum response timeframe of 30 days. If we are unable to respond within the maximum response time because we have not had a reasonable opportunity to do so, we will write to you to let you know of the delay.

All investors (regardless of whether you hold units in the Fund directly or hold units indirectly via a Portfolio Service) are able to access Perpetual's complaints procedures outlined above. If investing via a Portfolio Service and your complaint concerns the operation of the Portfolio Service then you should contact the Portfolio Service operator directly.

If an investor is not satisfied with the final complaint outcome proposed, any aspect of the complaints handling process or a delay in responding by the maximum response time, the Australian Financial Complaints Authority ('AFCA') may be able to assist. AFCA operates the external complaints resolution scheme of which Perpetual is a member. If you seek assistance from AFCA, their services are provided at no cost to you.

You can contact AFCA on 1800 931 678, or by writing to:

Australian Financial Complaints Authority GPO Box 3 Melbourne VIC 3001

Email: info@afca.org.au

Website: www.afca.org.au

9 Other information

Consent

Tura Capital Pty Ltd has given and, at the date of this PDS, has not withdrawn its written consent to be named in this PDS as the Investment Manager of the Fund and for the inclusion of information about it in this PDS. Citigroup Pty Ltd has given and, at the date of this PDS, has not withdrawn its written consent to be named in this PDS as the Custodian of the Fund. Apex Fund Services Pty Ltd has given and, at the date of this PDS, has not withdrawn its written consent to be named in this PDS as the Administrator of the Fund.

Keeping you informed

We will:

- confirm every transaction you make;
- soon after June each year send you a report to help you complete your tax return;
- each year (around September) make the financial accounts of the Fund available to you on www.turacapital.com.au/investorcentre/investor-centre;
- send you an annual statement;
- notify you of any material changes to this PDS and any other significant event as required by law; and
- place updated information that is not materially adverse or subject to change from time to time on the Fund's website.

If the Fund has 100 investors or more, it is considered a "disclosing entity" for the purpose of the Act. This means the Fund is subject to regular reporting and disclosure obligations. Copies of any documents lodged with ASIC in relation to the Fund may be obtained from, or can be inspected at, an ASIC office.

When the Responsible Entity becomes aware of material information, we will ensure this will be made available as soon as practicable at www.turacapital.com.au/investor-centre. If you would like hard copies of this information, please contact Client Services on (07) 3229 5531 or via email client.services@dnrcapital.com.au and we will send it to you free of charge. You can also choose whether to have notice of meeting and any other meeting related documents sent to you in physical or electronic form. When you complete the application form you will be asked to make an election (which you can change at any time) by contacting the Administrator.

Contacts

For all general enquires and document information requests, please contact Tura Capital using the contact details at the front of this PDS. For all enquiries regarding information on the Responsible Entity, please contact Perpetual using the contact details at the front of this PDS.
